

OASC Voices Panel - Script Development

Your Voices presentation will be developed from the questions below. After you respond to the questions, work on developing them into a story. Please keep the information in the same order as the questions below. The presentation should sound as if you're having a conversation with someone – not like an interview! □

What happened? What led to the situation happening? <i>Give some background information to the situation.</i>	
How did affect you while it was happening? Afterward? <i>What happened to you as a result of the situation?</i>	
What things did you do to work through the situation?	
What are resources that helped you throughout the process? <i>Think of specific programs, people, or resources that you accessed.</i>	
What are resources that helped you throughout the process? <i>Think of specific programs, people, or resources that you accessed.</i>	
What did you do to overcome the situation? <i>Perhaps you are still working to overcome it; what does that look like for you?</i>	
What have you learned about yourself from the experience?	
What advice would you give others who are going through a similar situation?
